

# Proceedings of the Indian Academy of Sciences

Volume 92, 1983

## CONTENTS (Animal Sciences)

Condition factor of <i>Amblypharyngodon chakaiensis</i> Babu and Nair in the Chakai boat channel (Trivandrum-Kerala-India)	<i>N Babu and N Balakrishnan Nair</i>	1
Gut spore composition and influence of fungal host on the rate of mortality and post-embryonic development in <i>Tiarothrips subramanii</i> (Ramk.)	<i>T N Ananthakrishnan, B Padmanaban and K Dhileepan</i>	11
Response of some freshwater micrometazoans to DDT	<i>M P Sharma and A K Dattagupta</i>	19
Effects of body size on the rate and pattern of ammonia excretion in an air-breathing fish	<i>Geetha Belliyappa, Nirupa Krishnan and S Ravichandra Reddy</i>	31
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates	<i>Mathew M Oommen and K M Alexander</i>	37
Food preference studies of the larger bandicoot rat, <i>Bandicota indica</i> (Bechstein)	<i>Shakunthala Sridhara and K Srihari</i>	43
A sensitive period for the acquisition of food preferences in the Indian field mouse <i>Mus booduga</i> (Gray)	<i>Shakunthala Sridhara</i>	49
Structure and function of the truncus arteriosus of the Indian frog <i>Rana tigerina</i> (Daud)	<i>Harish C Nigam</i>	55
Effect of solar eclipse on the emergence of some freshwater cercariae	<i>R Madhavi</i>	65
Studies on the meiofauna of Sagar Island	<i>G Chandrasekhara Rao and A Misra</i>	73
Bioecology of <i>Zaniethrips ricini</i> Bhatti (Panchaetothripinae: Terebrantia: Thysanoptera) — A new thrips pest of castor ( <i>Ricinus communis</i> : Euphorbiaceae)	<i>A Mohan Daniel, N Suresh Kumar and N Bakthavatsalam</i>	87
Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera)	<i>T N Ananthakrishnan, K Dhileepan and B Padmanaban</i>	95
Cytochemical changes in the silk gland cells of <i>Pericallia ricini</i> (Lepidoptera: Arctiidae)	<i>Shubh Narain and D N Vishnoi</i>	109

Taxonomic value of torus longitudinalis and valvula cerebelli in four species of <i>Amblypharyngodon</i> Bleeker (Pisces, Teleostei, Cyprinidae)	<i>N Babu and N Balakrishnan Nair</i>	115
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil, <i>Tatera indica</i> (Muridae: Rodentia)	<i>V R Parshad and S S Guraya</i>	121
Patterns of rodent pest infestation in relation to rainfed and irrigated crop systems in Rajasthan	<i>Ranjan Advani</i>	129
Dietary water balance in a tropical insect	<i>M R Delvi</i>	135
Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns	<i>R Ponnuchamy, S Ravichandra Reddy and Katre Shakuntala</i>	147
Reproductive biology of the larvivorous fish <i>Macropodus cupanus</i> (Cuv. and Val.)	<i>Sheila Susan Jacob and N Balakrishnan Nair</i>	159
The germ cell types and spermiogenesis in rose-ringed parakeet <i>Psittacula krameri</i> (Scopoli)	<i>H R Dang and S S Guraya</i>	171
Synchronous development of the ovary and the female accessory sex glands of a crustacean, <i>Squilla holoschista</i>	<i>M Deecaraman and T Subramoniam</i>	179
Aggressive behaviour of captive <i>Bandicota bengalensis</i>	<i>Shakunthala Sridhara and R V Krishnamoorthy</i>	185
Weight changes and survival of a tropical earthworm <i>Pontoscolex corethrurus</i>	<i>S Arunachalam, G Krishnamoorthy and P Baskaran</i>	193
Cooperative behaviour in rhesus monkeys living in urban and forest areas	<i>Raghubir Singh Pirta</i>	199
Histology and histochemistry of the tegumental glands in <i>Ligia exotica</i> Roux. (Crustacea: Isopoda)	<i>C Jalaja Kumari, K Hanumantha Rao and K Shyamasundari</i>	207
Influence of hypoxia on metabolism and activity in <i>Puntius sarana</i> (Hamilton) (Pisces: Cyprinidae)	<i>M Peer Mohamed and M N Kutty</i>	215
Effect of steroid injection on food utilization in <i>Channa striatus</i>	<i>A R C Nirmala and T J Pandian</i>	221
Revision of Cassiduloid genus <i>Gongrochanus</i> Kier (Echinodermata: Echinoidea) from South Indian Cretaceous deposits	<i>R M Badve and S A Aziz</i>	231
Life history of sexuparae and sexual morphs of woolly apple aphid ( <i>Eriosoma lanigerum</i> Hausmann)	<i>D C Gautam and L R Verma</i>	247

Laboratory evaluation of poison carrier for the control of Indian gerbil, <i>Tatera indica</i> Hardwicke	<i>A P Jain and Ishwar Prakash</i>	253
Juvenoid-induced supernumerary larval instars in certain stored grain insects	<i>U S Srivastava and R C Srivastava</i>	263
Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity	<i>M V V Subramanyam and R V Krishnamoorthy</i>	277
Patterns of fungal resource utilization and feeding range in some mycophagous Tubulifera (Insecta: Thysanoptera)	<i>T N Ananthakrishnan and G Suresh</i>	285
Ammonia and urea excretion in three species of air-breathing fish subjected to aerial exposure	<i>M Ramaswamy and T Gopalakrishna Reddy</i>	293
Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance	<i>Saroj Kumari and Ishwar Prakash</i>	299
Utilization of dietary protein, fat and carbohydrate by the paddy field fish ( <i>Macropodus cupanus</i> : Anabantidae)	<i>S Mathavan and M S M Christopher</i>	305
Energetics of earthworm populations in tropical pastures from India	<i>B K Senapati and M C Dash</i>	315
Effect of tranquillisers on the reproduction of a freshwater leech, <i>Poecilobdella viridis</i> (Blanchard)	<i>A Bhaskar Rao, C S K Anand and G K Kulkarni</i>	323
Wing microsculpturing in the small house cockroach, <i>Supella longipalpa</i> (Dictyoptera, Blattidae)	<i>M L Roonwal and N S Rathore</i>	333
On the developmental morphology of the rosette galls of <i>Acacia leucophloea</i> Willd., (Mimosaceae) induced by <i>Thilakothrips babuli</i> Ramk. (Thysanoptera Insecta)	<i>A Raman and T N Ananthakrishnan</i>	343
Biometric comparison of <i>Nemipterus japonicus</i> (Bloch) populations along the east coast of India	<i>D Manikyala Rao and K Srinivasa Rao</i>	351
Prediction of bioenergetics components of lepidopterous larva	<i>J Muthukrishnan and T J Pandian</i>	361
Incubation, hatching and yolk utilization in the eggs of the orb weaving spider <i>Cyrtophora cicatrosa</i> (Araneae: Araneidae)	<i>S Palanichamy and T J Pandian</i>	369
Determination of acute toxicity levels of mercury to the fish <i>Tilapia mossambica</i> (Peters)	<i>Maria R Menezes and S Z Qasim</i>	375

Aerial respiration of <i>Cerithidea</i> ( <i>Cerithideopsilla</i> ) <i>cingulata</i> (Gmelin) and <i>Cerithium coralium</i> Kiener in relation to body weight <i>Y Prabhakara Rao and D G V Prasada Rao</i>	381
Histochemistry of the neurosecretory systems in a stomatopod crustacean <i>Squilla holoschista</i> <i>M Deecaraman and T Subramoniam</i>	387
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crustacean <i>Squilla holoschista</i> <i>M Deecaraman and T Subramoniam</i>	399
Inheritance of resistance to malathion in <i>Tribolium castaneum</i> (Herbst) <i>I C Pasalu and S K Bhatia</i>	409
Condition and relative condition cycles in the tropical glassy perchlet <i>Chanda</i> (= <i>Ambassis</i> ) <i>commersonii</i> (Cuv. and Val.) (Pisces: Centropomidae) <i>J Rajasekharan Nair, N Balakrishnan Nair and N K Balasubramanian</i>	415
Sand bathing behaviour of Indian gerbil <i>Tatera indica indica</i> Hardwicke <i>P Vasanta Kumari and Jamil Ahmad Khan</i>	423
Influence of spatial heterogeneity and prey density on predatory behaviour of the tropical spiders <i>Cyrtophora cicatrosa</i> (Stoliczka) and <i>Marpissa calcutaensis</i> (Tikader) (Araneae, Araneidae) <i>S Palanichamy</i>	429
Population dynamics and energy budgets of <i>T. pulvinata</i> Uvarov and <i>P. infumata</i> Brunn (Orthoptera: Acrididae) <i>B R Kaushal and L K Vats</i>	437
Population dynamics and biomass production of aboveground insects in a tropical grassland <i>B R Kaushal and L K Vats</i>	447
Population ecology of <i>Schizodactylus monstrosus</i> (Drury) (Orthoptera) along the sand bed of Damodar river, West Bengal, India <i>A K Hazra, R S Barman, S K Mondal and D K Choudhuri</i>	453
<i>Meloidogyne</i> (Nematoda: Meloidogynidae) induced root galls of the banana plant <i>Musa paradisiaca</i> — A study of histopathology <i>S Sudha and N R Prabhoo</i>	467
Food utilization in the fish <i>Channa striatus</i> exposed to sublethal concentrations of DDT and methyl parathion <i>T J Pandian and R Bhaskaran</i>	475
